

2023.09.20 Political Signs Proposal (as approved by members)

Members living in main floor units that face public streets can place temporary political and public policy lawn signs on the lawns outside their unit if the sign is within five feet of the walkway from their unit to the public sidewalk. No political signs are allowed in the courtyard or any other co-op common area. Nothing in this policy reduces the members' legal right to display such signs in unit windows, balconies, and porches.
